Studio secret: Pikachu is circles. Hydreigon is triangles. Snorlax is one big soft square with a face.

Mix shapes to mix feelings: a round body with ONE spike says 'friendly, but don't push it.'

Forge five names:

The say-it-aloud test (tick all three before a name graduates):

- ☐ Easy to shout across a playground
- ☐ Sounds like its type (sharp? bubbly? spooky?)
- ☐ A 5-year-old could remember it tomorrow

5. Commission No. 1

Roll a design brief with the on-screen Brief Machine, write it in, then draw the creature the studio ordered.
